Philadelphia, PA

Consolidation of a 20 year old health and human services office and renovation/upgrade of an Adult Day Program facility.

This new space was designed to improve productivity and introduce daylighting techniques to open this 1980's office design.

Bringing new concepts for collaborative office environments into this older firm. Consolidation of 52,000 Sf into a 38,000 SF space.

The project required a phased approach to construction to keep the company operating.

Project Type: 38,000 RFS, Tenant Fitout, Commercial
