

Urban Redevelopment

Philadelphia, PA

10 Unit - Front Elevation

Brewerytown Philadelphia, PA

Phase II of the Brewerytown Redevelopment will consist of 212 stacked townhouses. The townhouses will consist of a 1,000 and a 1,300 square foot units. The townhouse units will have a one car garage. A number of building groupings will have a green roof system. The Phase II elevations are designed to have an urban character and fit within the existing Brewerytown community.
